## INSTALLATION WARNINGS: <br> BEFORE COMMENCING INSTALLATION ISOLATE YOUR MAINS ELECTRIC SUPPLY

Read the instructions care fully before starting the installation process and keep them for future reference. This product must be installed by a qualified electrician. This product should be installed in accordance with the relevant sections of the building regulations code, and the current edition of the IEE Wiring Regulations (BS 767I:Requirements for electrical installations) and appropriate statutory regulations.

## Installation

## THIS WIREFREE SWITCH MUST BE USED IN CONJUNCTION WITH A RTS2020 OR RTS2040 WIRED TOUCH AND REMOTE SWITCH.

Remove the glass panel of a touch remote switch: Using a small flat screwdriver remove the front cover by placing the screw driver in the location notch on the bottom part of the cover and twist to unclip the cover.

Wiring: Wire the wired switchas described in there instructions. remember to push wires firmly into terminals and tighten terminal screws so that wires are held securely. No bare wires should protrude from the terminals. Ensure correct wires are connect to the correct terminals, if incorrectly wired, this could damage the switch.

Fix screws: Use the screws supplied to attach switch to backbox using a flat head screwdriver

Reattach the glass panel: Align the glass panel over the switch and firmly push to click into place.

Wirefree switch (operated by 9V battery)

 10 mm

## Specification

Voltage: 9 V
Operating Power of wired switch:
I Gang (25-800W)
Working Temperature: 0oC~40oC
Relative Humidity: 10\%-93\%

```
Features
```

Measurement: $86 \times 86 \mathrm{~mm}$ Backbox depth: 35 mm
life: I 00,000 times at least (relay useful life)
Remote usage distance $>20 \mathrm{M}$
Battery: 9V PP3
Battery life : I year (dependent on usage)
CE \& RoHS Certified

## Guarantee

All items purchased, come with a I year warranty (from date of purchase). Please keep proof of purchase.

If any of our products become faulty within this I year period, please contact us. Please send product/s by recorded post, as proof of dispatch as we cannot be held liable for products lost in the post. If the product is found to be faulty, a replacement shall be sent within 7 working days from date received. In all cases, an identical replacement shall be sent, however, if the product has been discontinued a suitable alternative shall be sent with the same or similar specification.
